

THE RADIO CLUB OF AMERICA | APPLICATION FOR MEMBERSHIP

The mission of **The Radio Club of America** is to provide a forum for the exchange of knowledge, recognize outstanding achievement, provide financial assistance to deserving students, and preserve the history of wireless communications. Founded in 1909 by a group of the electronics industry's pioneers, The Radio Club of America is the oldest association of wireless professionals in the world. The roster of our members is a worldwide Who's Who that includes many individuals who founded and built the wireless industry. The Radio Club's objectives include promoting cooperation and networking among individuals interested in electronic communications and in preserving the rich history of our industry. The Club administers its own Scholarship Fund, providing educational scholarships to deserving people, all from tax-deductible contributions donated by the Club's members and business organizations.

PLEASE COMPLETE THIS FORM IN ITS ENTIRETY
